

SUGARLAND'S BabyCakes

September 26, 2009 ~ July 16, 2021

To our beloved "Cakes", you blessed us with your presence September 26, 2010 referred by the Nevada Humane Society. You were named "BabyCakes", combining the names of two of our beloved Companions who left us in 2010, carrying their legacies. You were our very first Presa and what a joy you have been. We so much miss your companionship especially our many walks in the desert on our beloved Sugarland Ranch. Your Auntie Opal played such a huge part in your life. She was with us at the beginning and at the end. Being the wonderful photographer that she is, many pictures of you leaping over the sagebrush (and our Great Room over the tops of furniture!) with Botticelli whom you adored, we treasure these moments. Truly without a doubt you have been our most athletic Companion. You loved your Auntie Opal so very much and she loved you. We know you have joined the many others now after lingering here until you knew that we would be okay. We love you our beautiful Presa, keep Sampson #1 in line and the others, especially your soul mate Botticelli, where ever you have traveled and know that a piece of our hearts have gone with you.

Love Mom and Dad
